The Chapter has requested the Auxiliary assist with the start of a new in-house transportation program. Volunteers will be placed on an "on call" list for availability to transport fellow DAV/DAVA members to appointments. The member will advise the chapter of their appointment date and time. Calls will then be made to volunteers to determine their availability to transport the member to their appointment. Contact the chapter at 519-9931 to be added to the list of volunteer transporters.

Thank you to those who continue to donate pantry items. There is an ongoing need to support disabled veterans and their families. Our largest need is for canned meats. Though we continue to partner with neighborhood vendors, we are not totally reliant on their generosity. Any donation received is used locally.

Winter has arrived and it is fiercely cold for those who are homeless. We are collecting clean, gently used winter items such as coats, gloves and sweaters to distribute to those that are in need. Don't forget women and childrens items as they are the fastest growing population of homeless.

The next C.A.R.S. meeting will be held on January 12 at chapter 21. The Hampton VAMC Bingo Bash is slated for February 16<sup>th</sup>. Mid-Winter Conference is February 24-27<sup>th</sup>.

Thank you to both the Senior and Junior Auxiliary members who made a difference in the lives of veterans this holiday season during all of our festivities, especially the Juniors who volunteered 4 of the 5 weekends in December.

Please continue to pray for the health and strength of our sick, shut-ins and their families.

Shelly Cannady  
Commander
